SKILLSPLUS

Skills Plus has been refreshed and updated by the Skills Development Team with a new web-based format. As a result, the PDF or other resource you are trying to access is no longer available.

You will find the skills support material you are looking for (or its close equivalent) by going to the new Skills Plus menu and selecting the category **Academic integrity, referencing, and copyright.**

The updated Skills Plus content has been designed to be more easily navigable and accessible to a wider range of users, and is compatible with a wider range of devices and assistive technologies. We will be updating the new content more regularly to ensure continued accuracy and relevance to users.

If you cannot find what you are looking for, or have any questions, please contact the Skills Development Team.
